Sovereign Air, Inc. is now planning to perform any required proving runs for scheduled service between Salina, KS (SLN) and Kansas City, MO (MCI). Any required proving runs will be performed with a King Air 200 or King air 350.

Sovereign Air plans to have everything ready for commuter operations beginning April 1, 2010, with the initial minimal schedule that follows:

## 4 Round Trips Per Day

Flt#	SLN Departure	MCI Arrival	Flt#	MCI Departure	SLN Arrival
TBD	06:00	06:40	TBD	07:00	07:40
TBD	12:00	12:40	TBD	13:00	13:40
TBD	14:00	14:40	TBD	15:00	15:40
TBD	17:00	17:40	TBD	20:00	20:40

We calculate that the additional financial strength required by the Fitness Division for the first three months of commuter operation will be approximately \$210,000 based on this operation schedule. More information regarding this and other updates will follow shortly.

Sincerely,

---
