Subject: Kodiak Essential Service Bid

Dear Mr. Adams,

I have been asked once again by my constituent, Bob Stanford, to add my input into the record on Island Air's application for the Kodiak Essential Service Bid. Given the company's established history of operation on, and familiarization with Kodiak Island, I believe they have the necessary experience and qualifications required of this contract. I encourage you to give their application consideration.

Sincerely,
Senator Gary Stevens
